

**Remarks**

The Advisory Action mailed May 18, 2004 has been carefully reviewed and the foregoing amendment has been made in consequence thereof.

Claims 1-3 and 5-28 are pending in this application. Claim 1 stands rejected. Claims 2-12 stand objected to. Claims 13-28 are allowed. Claim 4 is canceled.

In addition, and in accordance with 37 C.F.R. 1.136(a), a one month extension of time is submitted herewith to extend the due date of the response to the Final Office Action dated February 10, 2004 for the above-identified patent application from May 10, 2004, through and including June 10, 2004. In accordance with 37 C.F.R. 1.17(a)(1), authorization to charge a deposit account in the amount of \$110.00 to cover this extension of time request also is submitted herewith.

The rejection of Claim 1 under 35 U.S.C. § 102(a) as being anticipated by Vallot (U.S. Patent No. 6,498,996) is respectfully traversed. Claim 1 has been amended to incorporate the limitations of Claim 4, indicated by the Office as being allowable. For these reasons, Claim 1 is submitted to be patentable over Vallot, and Applicant respectfully requests that the Section 102 rejection of Claim 1 be withdrawn.

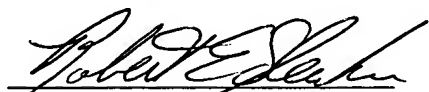

The objection to Claims 2-12 is respectfully traversed. Claim 4 has been canceled. Claims 2, 3, and 5-12 depend, directly or indirectly, from independent Claim 1 which is herein submitted to be patentable. For the reasons set forth above, Applicant requests that the objection to Claims 2-12 be withdrawn.
